SECTION E.5 · FREQUENTLY ASKED

Common *questions.*

If something's not answered here, email sponsor@fundopshq.com and we'll reply within the business day.

01 **How many sponsors are in each edition?**

Up to five. You share the slate with up to four other sponsors at the top AND bottom of the newsletter. Every card gets the same treatment — logo, 60 words, and a CTA.

02 **Is there an exclusive / single-sponsor option?**

Not right now. Keeping the slate shared lets the launch rates stay this low. If your firm needs solo placement, email us and we will quote it separately.

03 **Can I swap creative mid-run?**

Yes. One free swap on weekly, unlimited swaps on monthly and quarterly with 48 hours notice. No charge to update copy, logo, or CTA link.

04 **What reporting do I get?**

A delivery and open-rate report after each cycle (weekly, monthly, or monthly-of-quarter). Raw CSV available on request.

05 **Do you accept any advertiser?**

We say no to anything off-topic for GPs, LPs, or fund service providers. No retail crypto, no gambling, no generic B2B. We also decline competitors to existing sponsors for the run.

06 **What if my firm is mentioned in the news that day?**

We disclose the sponsorship in the footer of that edition. Editorial stays editorial — coverage is not traded for ad dollars and never will be.

07

When do I need to get creative in?

48 hours before your first send. Send us a PNG logo (400–600 px wide), up to 60 words of copy, and one CTA URL. We lay it out and send a proof for approval.

08

Can I cancel?

Weekly runs are non-refundable once creative is approved. Monthly and quarterly runs can be cancelled at the cycle boundary — email us and we will prorate the remaining cycle if it has not yet started.
